

Coal Production is Up, But So is Soft Coal's Price Level

Anthracite Prices Also Expected to Rise in Wage Pact Hikes

Pittsburgh, July 15.—(AP)—Soft coal production increased today—and so did soft coal prices. Walter R. Thurmond, secretary of the Southern Coal producers' association, said consumers "will be required to pay about \$800,000,000 additional during the next 12 months."

Thurmond said the recent \$1.20-a-day wage increase granted to John L. Lewis' AFL-United Mine Workers "will cost (the operators) more than \$1.25 a ton, so coal will sell at the mines from \$1.25 to \$1.50 higher at once."

However, Lewis said in an editorial in the UMW Journal that increased costs to consumers of coal and other products would be "infinitesimal."

No Steel Hike Yet

The journal estimated the new contract added only 65 to 67 cents to the cost of producing a ton of soft coal.

Anthracite prices were also expected to rise—about 70 cents a ton—because of the Lewis-won wage hikes.

Thurmond's prediction that soft coal consumers will pay \$800,000,000 more for their fuel in the next year followed a plea by President Truman that steel and coal industries should withhold general price increases.

Steel companies have announced no general price increase.

Meantime, the nation's 400,000 bituminous diggers settled down to regular work and production was reported nearly 100 per cent of capacity.

Disco Up \$2 a Ton

The largest jump in soft coal prices was reported at Pittsburgh, a center of the soft coal industry. The cost of Disco, a smokeless processed fuel and coke, rose from \$12.50 to \$14.50 a ton.

The picture was the same in the west and Midwest. At Springfield, Ill., retail dealers were collecting \$1 a ton more for soft coal. And the Denver (Colo.) Coal Merchants association said retail prices would go up from \$1 to \$1.50 a ton, depending on how much wholesale prices were increased.

Washington, July 15.—(AP)—George M. Humphrey, Pittsburgh coal and steel executive, said today the new coal wage contract "will do more to stabilize the economy and retard inflation" than settlement of any controversy in the industry in several years.

Humphrey, who played a major role in negotiation of the agreement with John L. Lewis' United Mine Workers, told the joint congressional committee on the economic report that the contract will spur output of coal, and added:

"Production Only Solution
"Production and only production which creates a balance of supply and demand is the only sure

Sterling Driver in Fatal 3-Way Crash

Springfield, Ill., July 15.—(AP)—One man was killed and his nine-year-old son and another man seriously injured last night in the collision of two semi-trailer trucks and an automobile on route 66 south of here.

Arthur Chapman, 34, of White Hall, driver of one of the trucks, was pinned beneath his cab and killed. Taken to St. John's hospital, Springfield, with head injuries were Arthur N. Chapman, who was riding with his father, and William Meyer, 54, of Springfield, driver of the automobile.

State Highway Patrolman Elmer Emerson said Meyer's car and a semi-trailer operated by the Midwest Transport Co., traveling in the opposite direction, collided head-on. Emerson said Chapman's semi-trailer, which followed the Meyer automobile, struck the tangled vehicles and burst into flame.

Indiana Fatally

Terre Haute, Ind., July 15.—(AP)—Henry Kurtz, 45, Chicago, driver of a tractor-trailer, was killed in West Terre Haute today as the trailer broke loose from the tractor and toppled over on the vehicle.

The accident occurred on a grade approaching the Wabash river and the two vehicles plunged into the river.

Kurtz's body was taken from the river, but Coroner James V. Richart said death was due to a broken neck suffered in the accident.

American Policies Governing Reich Officially Stated

Berlin, July 15.—(AP)—The United States government, in its first official statement of policy governing Germany since the war ended, declared today the German people would be assisted in attaining a higher standard of living and economic self-sufficiency.

The policy statement was contained in a directive giving new instructions to the U. S. military commander, Gen. Lucius D. Clay. It superseded the directive issued by the joint chiefs of staff on April 26, 1945, about two weeks before Germany surrendered.

The directive brought up to date the objectives of the U. S. government and the basic policies to be followed in the American administration of its occupation areas in Germany.

Particular stress was placed on the economic aspect of rehabilitating Germany and achieving the nation's economic and political unity.

The directive said the U. S. government sought to secure a production and foreign trade program for Germany as a whole, which would be directed toward an increasing standard of living in Germany and the attainment at the earliest possible date of a self-sustaining German economy.

For Increased Production
The order said the highest priority should be given to increased production of coal, food and export goods.

The U. S. government "believes that the level of industry eventually agreed upon for Germany as a basis for reparations removals, while eliminating excess industrial capacity which has been used by Germany for the purpose of making war, should not permanently limit Germany's industrial capacity."

The directive continued:

"The German people after the period of reparation removals should not be denied the right, consistent with continued disarmament, to develop their resources for the purpose of achieving higher standards of living."

The directive apparently was an attempt to fit American policy in Germany into the Marshall proposals for European recovery.

Consultations Ordered

It directly instructed Gen. Clay to consult other European countries.

Blimp Crashes in Sea; 11 Passengers Unhurt

Eureka, Calif., July 15.—(AP)—Eight Navy fliers and three employees of the California Bureau of Marine Fisheries escaped uninjured yesterday when the navy blimp K-99 dove into the ocean off Cape Mendocino, some 45 miles south of Eureka.

The 11 were taken from a rubber life raft by a Coast Guard boat and started on the way to Eureka prior to being flown back to Moffett Field, near Palo Alto, the blimp's base.

The blimp, relieved of its load of passengers, took off again after some time in the water and finally drifted around eight miles north-east of Eureka. Twelfth Naval district headquarters in San Francisco said Moffett Field officers expected to salvage it and recommission it.

Good Deed

Chicago, July 15.—(AP)—A plump little girl, about 12 years old, rapped on the front door of Miss Alma Anderson's south side home late yesterday.

"I am going to be a Girl Scout—if I can do a good deed today," the girl told Miss Anderson. "Isn't there something I can do?"

"Why, bless your heart," said Miss Anderson, who was busy preparing the evening meal. "There's Spotty, he hasn't been outside all day. Here's his leash; take him for a walk around the block."

"That was the last I've seen of Spotty and Miss Good Deed," Miss Anderson told police in reporting her 5-year-old foxhound was missing.

Dr. Murray's Quarter of Century at State Hospital To Be Honored

State department of public welfare officials, members of the Dixon state hospital staff, hospital employees and many friends from this community will honor Dr. Warren G. Murray, managing officer of the Dixon institution at an open house in the hospital's amusement hall tonight at 8 p.m.

The program will honor Dr. Murray on the completion of 25 years as head of the institution, a record for charitable institutions in the state.

During his 25 years as director of the hospital, Dr. Murray has seen the institution grow from one with a capacity of 300 patients in 1922 to a capacity of 4,600 now.

A native of Dayton, O., Dr. Murray is a graduate of Ohio State University and studied abroad in Vienna, Austria, in 1907.

He also spent several months at Rotunda hospital, Dublin, Ireland. Upon his return to the United States in 1908, he settled in Springfield, Ill., and established his practice there. After that came an appointment to a post at Kankakee state hospital.

Dr. Murray is president of the American Association on Mental Deficiency, a national organization of 1,300 members, and for two years early in his career at the hospital here he taught classes in medical jurisprudence at the University of Illinois medical school in Chicago.

Truman Tax Veto Message Expected Before Week's End

Washington, July 15.—(AP)—The White House said today President Truman's message vetoing the new \$4,000,000,000 income tax reduction bill will be sent congress this week—probably Friday.

In advance of final congressional action on the Republican measure, Mr. Truman had given notice that he intended to reject it as he had a previous, similar bill. He also gave assurances that the veto would be forthcoming promptly after he received the legislation.

Press Secretary Charles G. Ross, in discussing plans for the veto message, told reporters that the bill is expected to reach the White House some time during the day.

House Survey To Precede Foreign Aid Commitments

Washington, July 15.—(AP)—House Republican leaders pledged an independent congressional survey of the military and economic picture abroad before proceeding with any sweeping foreign legislation for 1948.

The investigation will be made under terms of a resolution being drafted at the direction of the house GOP steering committee. It will be conducted by a special committee to be appointed by Speaker Martin (R-Mass.).

Martin said Republicans believe that congress should go after its own data before acting on the Marshall or any other foreign plans and should not depend solely on information supplied by executive agencies or committees.

Make Study Abroad

He said the special investigating body will include representatives of the house foreign affairs, armed services, appropriations, agriculture and other committees having jurisdiction over matters likely to be involved in any comprehensive foreign program.

The group will make studies both in this country and abroad in order to obtain first-hand information for congress when it

MacArthur Says He'll Go Back to Milwaukee

Tokyo, July 15.—(AP)—General MacArthur told visiting American editors privately yesterday that he would like to live in Milwaukee when he retires—and Milwaukee friends promptly announced they would support him for president in 1948, entering his name in Wisconsin's Republican presidential primary next April.

"I'm positive he'll be available," Chairman Lansing Hoyt of the Wisconsin MacArthur for President club asserted.

(There was no immediate comment from MacArthur, who in the past his disclaimed presidential aspirations.)

The supreme commander for the allied powers told his Monday luncheon guests he would like to settle down in his boyhood home town after conclusion of a Japanese peace treaty, an event he has predicted would take place within 18 months.

MacArthur, now 67, was born in Little Rock, Ark., but moved to Milwaukee with his mother in 1898, while his father was commanding the American army in the Philippines. It was from Milwaukee that he entered West Point.

U. S. at Crossroads in Relations With Europe—Marshall

Must Give Aid to Our Friends or See Them Swing to the Left

Salt Lake City, July 15.—(AP)—Secretary of State Marshall told the nation's governors that the United States has reached a "turning point" in European relations and got prompt assurances today of bi-partisan support for his plan to help rebuild Europe.

Unless it elects to lose its "incalculable stake" in Europe, the cabinet member said, America must extend a justifiable measure of aid to friendly countries or see them drift into a non-democratic orbit.

In a crowded eight-hour stop-over on a strenuous roundtrip flight from Washington, the gray-haired soldier-diplomat grimly told the governors' conference here that there is "no blinking the fact that this country now stands at the turning point in its relations to its traditional friends among the nations of the old world."

Marshall said "the greatest problem I feel we have to deal with is in bringing the American public to a general understanding of the conditions involved at home and abroad which influence all negotiations and therefore all efforts to reestablish the peace and prosperity of the world."

He said the rehabilitation program is expected to be proposed later this year for congressional consideration in January would be "fully consistent with our own national interests and yet equally considerate of the incalculable stake which this country has in the preservation of European civilization."

Star Chamber Session

Before he climbed wearily aboard the presidential plane "Sacred Cow" for the return trip to Washington, Marshall made a detailed explanation of his economic rehabilitation plan to the state executives in a closed door session.

This plan, on which 15 western European nations are about to take the first steps toward drawing a blueprint of their needs, has aroused sharp criticism from Russia.

There were indications that Marshall minced no language in describing to the governors Moscow's attitude, but all said they were asked not to reveal any details.

The secretary's public call for support from the governors in building up the public opinion behind his program in order to insure its approval by congress next year met with prompt responses of support from Republicans and Democrats.

Paris Conference Continues Talking European Society

Paris, July 15.—(AP)—A well-informed source at the 16-nation economic conference said today the organization of European co-operation for recovery would proceed despite indications that the United States money for the Marshall plan would not be available before late winter.

The informant—commenting on Secretary of State Marshall's address last night in Salt Lake City, in which he said the program would not be submitted to congress before January—said the Marshall time table doubtless was fixed "after consideration of the best means of preparing the legislation."

What the cost will be never has been stated definitely. Benjamin Cohen, state department counselor, said a month ago Europe would need \$24,000,000,000 during the next four years and would require \$15,000,000,000 alone to prevent starvation.

Official French circles said they saw no reason altering the goal of Sept. 1 for completion of a survey of resources and dollar needs among the 16 nations participating in the Paris conference. (Russia and eight eastern European nations declined to take part.)

The nations which make up the conference executive committee and four subcommittees on food and agriculture, iron and steel, transport and coal and power were selected yesterday by the rules committee. The nominations were to be submitted to a plenary session at 4 p.m.

This was expected to be the last plenary session until committee reports on assets and dollar needs are completed. A British spokesman said Foreign Secretary Ernest Bevin probably would return to London tomorrow.

Russia and eight other eastern countries were boycotting the

Strikes, Lockouts Down 75 Per Cent This Year

Washington, July 15.—(AP)—Strikes and lockouts in the first six months of this year cost only about one-fourth of the time lost in the same period of 1946.

The Bureau of Labor Statistics said today that about 2,200 work stoppages—including strikes by workers and lockouts by employers—occurred from January to June. These involved about 1,600,000 employees and resulted in the loss of between 20,000,000 and 21,000,000 man-days.

During the same six months of 1946, when labor-management controversies reached a postwar peak, almost 3,000,000 workers were directly involved and the idleness ran to nearly 80,000,000 man-days.

Housing Expeditor Cuts 198 Employees

Chicago, July 14.—(AP)—The jobs of 198 employees of the office of the housing expeditor in nine middle western states, including locally expeditors in 25 cities, will be liquidated this month, Regional Housing Expeditor Charles J. Horan said today.

Horan added that although the newly enacted rent control bill liquidates the chief offices and functions of the OHE, some 70 employees would remain in the compliance branch to enforce regulations on maximum rents, building prices and dimensions and rental and sale ceilings.

The jobs of 168 employees of the OHE regional office will be terminated July 25. And those of 30 employees of the compliance branch July 30.

The July 25 terminations will liquidate locally expeditors in Chicago, East St. Louis, Rockford, Rock Island and Springfield, Ill.; Evansville, Fort Wayne, Gary, Indianapolis and South Bend, Ind.; Des Moines and Sioux City, Ia.; Duluth and Minneapolis, Minn.; Jefferson City, Kansas City, North St. Louis and Springfield, Mo.; North Platte and Omaha, Neb.; Fargo, N. D.; Rapid City and Sioux Falls, S. D.; and Madison and Superior, Wis.

Officers of the OHE construction section will be liquidated in Chicago, Springfield, Ill., Indianapolis, and Milwaukee, among others.

Remaining controls over commercial and industrial building will be exercised by 70 OHE compliance section workers in offices at Chicago, Milwaukee, Springfield, Ill.; Indianapolis, and St. Louis. Except for the Office of Rent Control, the compliance section will be the only remaining section of the OHE after July 30.

The rent control office will continue unchanged, the announcement said.

Of Interest To Farmers

Saving Your Soil

This column is conducted as a service to all farmers and other readers in this area interested in the soil. Questions should be directed to the Farm Editor, The Telegraph. They will be answered as quickly as possible.

Question: Are grass waterways an important part of a farm conservation plan?

Answer: According to Circular 593, University of Illinois, called "Grass or Gullies," grass waterways are a necessary part of all soil saving measures. They are easy to build. A single seeding seldom takes hold well enough to stand the wear and tear of running water or unfavorable weather. When one seeding fails, another should be made at the first opportunity. All possible growth from the previous effort should be saved. Farmers replant when other crops fail, the same should be true with a grass waterway.

Question: What maintenance is necessary on a grass waterway?

Answer: Heavy sod develops under good sunlight. A heavy growth of weeds reduces the chances of good grasses and may cause washes on both sides of a grass area. Clippings ordinarily should be raked from mowed waterways.

Question: Should legumes be used in waterways?

Answer: Legumes such as alfalfa and red clover are normally not needed in waterways. Grass alone will usually provide the best soil cover. For information on waterways, contact your local soil conservationist.

Clover Seeding Is Successful Here

Sidney Buckaloo, operator of the Buckaloo farm southwest of Dixon, is the first Lee county Soil Conservation district cooperator to report a highly successful seeding of Ladino clover, Ray Lane, U. S. soil conservationist announced here today.

Buckaloo made a very light seeding of Ladino, at the rate of 2½ pounds per acre, in his wheat this spring. When Lane examined it Friday he found the stand to be excellent and some stems were 16 inches long with as many as nine (9) shoots on one runner. The wheat was still standing at the time of the examination.

The big question in Buckaloo's mind is: Will his Ladino continue with its present momentum? He is chiefly concerned about how it will stand the winter.

Ladino has long been very successful as legume in the pastures of progressive farmers of the dairy land—section of Wisconsin. Furthermore, the Ladino has been grown successfully in southern Illinois, when seeded on the correct kinds of soil and managed correctly, Lane said.

Hollywood

BY BOB THOMAS

Hollywood—(AP)—Humphrey Bogart says Hollywood's star-machines directly need an overhauling. "They build 'em too fast these days," the actor commented on "The Treasure of Sierra Madre" set. "The result is that in spite of the star billing, the newcomers aren't real stars."

The observation echoes complaints by theater men that Hollywood hasn't developed a big name draw in recent years with the exception of Ingrid Bergman. A star, you see, does not mean the same as a leading man or woman. To be a star, a player has to be able to carry the burden of a picture, unaided. Few, if any, of the youngsters can do this.

Take a look at the vintage of some of the industry's top male stars: Gary Cooper, 46; Jimmy Cagney, 43; Spencer Tracy, 47; Clark Gable, 46; Bill Powell, 55; Bing Crosby, 43; Bob Hope, 43; Ronald Colman, 56; Cary Grant, 43; Walter Pidgeon, 49; younger stars: Ray Milland, 39. Added Bogart, who is 46.

"The fans will keep on going to see them as long as those stars can walk. As a matter of fact, they'd yell for a guy like Cooper even if he has to be wheeled on the screen."

Bogie doesn't suggest that the picture business will fall apart when the current stars drop off. But he advises younger players to tend to their careers. "Go on suspension," he advised. "If these kids let themselves be stuck in any picture the fans will get tired of seeing them in bad films."

Bogie should know—he's the suspension king of this town. He's also a star.

Steel Shortage Hits Box Car Output Hard

St. Louis, July 15—(AP)—A backlog of orders for more than 6,000 box cars has been built up in the St. Louis area alone by a nationwide steel shortage, E. B. Carpenter, district sales manager of the American Car & Foundry Company, said today.

He declared production of the cars, needed to move grain, newspaper and other commodities, had been more than halved in this area with one plant capable of turning out 80 cars a day, building only 30.

Colombian City Hit By Severe Earthquake

Bogota, Colombia, July 15—(AP)—The government rushed medical supplies and assistance today to quake-stricken Pasto in southern Colombia, cut off since yesterday from communication with this capital by a series of tremors feared to have caused heavy casualties and damage.

Unofficial reports said that hundreds of buildings in Pasto, a city of 50,000 near the Ecuador frontier almost 300 miles south of Bogota, had been wrecked. There also were indications that Ipiques, a town of 15,000 to 20,000 30 miles southwest of Pasto, had been affected.

There was some speculation that the tremors might have been caused by an eruption of Mt. Pasto volcano, at the foot of which the city of Pasto is situated.

News of the earthquake filtered into Bogota by roundabout sources many hours late.

Study Death of Woman Found in Chicago Hotel

Chicago, July 15—(AP)—Mrs. Kathryn Mardell Porter Smith, 35, Galesburg, Ill., died yesterday at Henrotin hospital a short time after she was found unconscious in a pool of scalding water in the bathroom of her Morrison hotel room.

Police said the woman had checked into the hotel as Kathryn Porter Smith of Galesburg. However, an army discharge paper showed that she had been an army nurse under the name Kathryn Mardell Porter, of Galesburg.

A marriage certificate found in her possession showed she had been married to an Elmer C. Smith in Urbana, Ill., in 1941. Smith's address then was listed as Rantoul, Ill., and his home was in Plymouth, Ind.

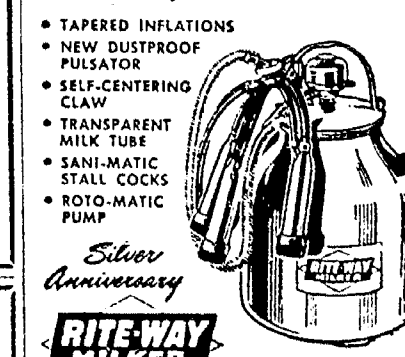

Cause of the death was not immediately determined, but a coroner's examination was to be made.

Allen Premium Pay to Mines Plan Hits Snag

Washington, July 15—(AP)—Legislation by Rep. Allen (R-Ill.) to renew government premium payments on lead, zinc and copper ore production from marginal mines appeared to be heading into some difficulties today.

The Allen bill, authorizing that the payments be made through the Reconstruction Finance Corporation for the next two years, is scheduled to be brought up for house consideration during the week.

Chairman Ploeser (R-Mo.) of the house small business committee, told a reporter he objects to the provision for payments of premiums, expected to total some \$35,000,000 a year, through the RFC.

"And," he added, "I am thinking seriously about trying to substitute on the house floor for the Allen bill one by Rep. Hill (R-Colo.) which would merely extend the former premium payment plan for one year while the small business subcommittee headed by Hill can make an investigation of the

entire problem and submit a report and recommendations to congress."

Authority to make the premium payments expired June 30.

Greece is Perhaps Greatest Spot for Danger at Present

Rebellion of Communist Element Could Touch Off Big Upheaval

By DEWITT MACKENZIE

AP Foreign Affairs Analyst

From whatever angle you view it, that Greek situation doesn't look so good.

The communist rebellion with its international complications constitutes a fuse which could set off a mighty charge of high explosive. Greece is perhaps the greatest danger spot on the globe today.

It's generally accepted that the whole world wants peace. The only great power capable of waging a major offensive war is the United States, and she certainly isn't looking for trouble. Russia doesn't want war; Britain doesn't want it; nobody wants it.

And yet we find aggressive communism so determined on expansion that it is taking an enormous chance of precipitating a Balkan upheaval which in turn assuredly would threaten world peace. Greece furnishes an extreme example of this determination.

The Athens government claims the Red revolt is backed by the neighboring communist countries of Albania, Yugoslavia and Bulgaria. A majority of the United Nations Balkan investigating commission agrees that the rebellion is being fostered by these countries.

Not Labeled "War"

In short we have a situation

which in any man's language amounts to war between fiery Greece and her equally fiery neighbors. Yet the quarrel hasn't been labeled "war"—and we hope it won't be, because that would almost inevitably accentuate the difficulties already existing between Russia and the western democracies. For are not Red Albania, Yugoslavia and Bulgaria the minions of Moscow, and have not the western powers vowed to halt the expansion of communism by aggression?

Some of the little fellows are getting outspoken. For example, Albania has spat against the wind and had its say. General Enver Hoxha, Albania's communist premier, declared that the Greco-Albanian border incidents "are part of a general anti-democratic plan of Anglo-American reactionaries whose aim is to bring about a new war, recommended by Truman's doctrine." The General arrived in Moscow for a visit yesterday.

Well of course that's only Albania sounding off, but one can't overlook that Tirana's wagon is hitched to the Russian star. It would be interesting to know who thinks up such speeches for the hardy Albanian mountaineers.

In any event, one wonders whether for once Russia and the western allies might not agree to let the security council of the United Nations put the clamps on this whole Balkan show a wee bit.

Entomologist Sees Heavy Corn Borer Damage This Year

Predictions of serious damage to the northern sector of Illinois by the European corn borer were further advanced this week by Dr. George C. Decker, entomologist of the Illinois Natural History survey after an extended inspection trip through parts of 10 counties.

"Because much of the corn crop was planted during the cold weather of May and did not make fast early growth, many corn producers have been fooled into believing that damage from the European corn borer will be negligible this year," Dr. Decker says.

"While it is true that a high percentage of the crop is late, in many sections of the state, particularly the northwest part where corn borer infestation is highest, considerable corn was planted before mid May and at the present time this corn is as far along as it was a year ago. Many people have ignored the fact that, although the season is late, the corn borer is also late in its development—about two weeks late."

In some northern counties of the state, Dr. Decker reports, corn borer moths are laying eggs in larger numbers on corn three to four feet tall than they did at any time in the past three years.

"Since it is well known that the survival of young borers is much higher on corn over three feet in height than on smaller corn, it is highly probable that borer survival will be much higher than in recent years, and we may expect much more corn borer damage, particularly in the most advanced fields in each community," Dr. Decker explains.

Digest of the News for Poultry Raisers

A Weekly Letter by Frank Priebe

President Truman has said we should try to get back to 1926 price levels.

Chicken is the best food buy in the country today. And people are eating more of it than they ever have, except during the meat shortage last year. The demand is tremendous, but the supply—particularly of medium-sized spring—is tremendous, too. That explains why poultry is the one major food item that is selling today at 1926 prices.

While that looks good to consumers, it doesn't look good to you folks who have chickens to sell. And there's no question that it's out of line with prices on other meats. I don't see how poultry prices can remain so out-of-balance. It seems to me one of two things must happen—either meat prices must come down or poultry prices must go up.

It doesn't look as if meat prices are coming down.

And while poultry prices may seem discouraging at the moment, certainly, from a competitive standpoint, we are on a far sounder basis than any other food industry I know of.

Nelson

Master Paul Timmons, carrier for The Dixon Evening Telegraph and oldest son of Mr. and Mrs. Paul Timmons, Sr., was returned from the Dixon hospital Friday morning, where he received treatment for a broken hip which he sustained the last of May, while playing ball at the Nelson school. He is still in the cast and able to be around in his wheel chair. He is proudly displaying the baseball which he received from Roger Hornsby.

Mrs. C. W. Bartholomew entertained the members of her pinocle club Thursday afternoon at the home of her daughter, Mrs. William Weber. Two tables of cards were in play, prizes were given to Mrs. Ruth Siebolt, Mrs. Walter Thompson and Mrs. Edward Ortiguesen. Delicious refreshments were served at quartette tables. The club will meet in two weeks at the home of Mrs. Howard Mayor.

Mr. and Mrs. Leonard Nelson and son "Buddy" and daughter Maidell of San Jose, Ill., arrived Wednesday and visited until Friday with her brother, Mr. and Mrs. Jacob Gall and family. They were accompanied home by little David Gall who will spend the week with his uncle and aunt.

Little Miss Gayle Sharp returned home Sunday after spending a week with her grandparents, Mr. and Mrs. Harvey Nusbaum, south of Dixon.

Mr. and Mrs. Lawrence Thompson and family returned Saturday from Lincoln, Ill., after visiting several days with his parents, Mr. and Mrs. William Thompson.

Mr. and Mrs. Steve Valve and son Victor motored to Chicago, Saturday where they spent the weekend at the home of Mr. and Mrs. Peter Piperoff.

Mrs. Ivan Sharp attended her bridge party Thursday evening at the home of Mrs. Albert Koehler in Dixon.

Mr. and Mrs. G. W. Bartholomew entertained the following relatives and guests at a dinner party, Friday evening at their home: Mrs. Velma Meyers and sons, Gary and Tommy of Sterling; Mr. and Mrs. William Weber and son

Allen and daughter Wilma and Lloyd Bartholomew.

Mr. and Mrs. Ivan Sharp entertained over the week end, Mr. and Mrs. John W. Erickson and son Bob of Bakersfield, Calif. They were enroute home after visiting Chicago, and were former friends of the Sharps when they resided in St. Joseph, Mo.

Wendell Sutton of Huntsville, Ala., is visiting at the home of his brother and sister-in-law, Mr. and Mrs. Thomas Sutton and family.

Mr. and Mrs. H. A. Estabrook and son Donald of South Pekin, Ill., arrived Monday from Rockford, Ill., where they had been visiting their nephew, Dr. Robert D. Stitzel and family. They will visit her mother, Mrs. Frances Stitzel and other relatives before returning to their home on Thursday.

Miss Arveta McCord, daughter of Mr. and Mrs. Vess McCord celebrated her birthday anniversary Saturday evening with a picnic at her home east of Nelson. Those present included: Mrs. Ruth Siebolt and daughter Barbara, John Emmitt of Nelson, Arlen Lawrence, Jim King and Clair Freeman of Rock Falls, Miss Zelda McCord and the honoree's parents, Mr. and Mrs. Vess McCord. A delicious picnic supper

was enjoyed which was topped with a lovely birthday cake adorned with 18 lighted candles. Felicitations were extended to Miss McCord and she received many lovely gifts honoring the happy occasion.

A tragedy was narrowly averted Sunday afternoon when a number of young people were swimming at the Eberly gravel pit. Miss Nora Lee Timmons, daughter of Mr. and Mrs. Paul Timmons, who is unable to swim, was wading and stepped off into deep water and was going down for the last time when Jim King, of Rock Falls, who with a party of friends, was swimming there, noticed her, and he with the assistance of Vess McCord, were able to get her out of the water before she went down. They took her to shore and in a few moments she had regained consciousness. Parents are warned about allowing their children to go to this place as the water is very deep and many of them are

unable to swim. They should be accompanied by an adult who is able to swim.

Mr. and Mrs. Charles Crombie returned Monday from Palestine, Ill., where they visited in Sunday with Mr. and Mrs. Forrest Miller.

Friday and Saturday they visited Mrs. Crombie's mother, Mrs. J. E. Murphy at Channah, Ill. Mrs. Murphy who is 93 years of age is greatly impaired in health. During their absence their daughter, Mr. and Mrs. Herbert Kropp

of Chicago, stayed at the Crombie home and visited her brother, Jim Crombie.

Leonard Anderson of Lake Forrest, Ill., spent the week end with his wife's parents, Mr. and Mrs. John Moeller. He was accompanied home by his wife who had been spending the week here.

Mr. and Mrs. James Miller have moved into an apartment on Depot avenue, Dixon, Ill.

State Pushing Ahead in Presenting Overell Case

Santa Ana, Calif., July 15—(AP)—Pushing ahead in its attempt to prove that Louise Overell and her lover, George Gollum, murdered her wealthy parents, the state today recalled Capt. Tom McGaff, sheriff's criminologist, to the witness stand to relate his findings in the early stages of the investigation.

Capt. McGaff, a key prosecution witness, told the jury yesterday that bits of financier Walter E. Overell's clothing and pieces of flesh were blown into crevices between boards in the forward cabin of his power cruiser, the Mary E, shattered by a dynamite explosion in Newport Bay March 15.

Overell and his wife, Beulah, died aboard the craft. The state charged, however, that they had been bludgeoned to death before the blast.

Louise, now 18, was a minor at the time her parents died and she is not subject to the death penalty even if convicted.

STRUCK BY LIGHTNING

Donna Palmer, Delroy Long Exchange Vows

Grace Church Is Scene Of Double Ring Ceremony

Candelabra, palms and assorted garden flowers formed the setting for the wedding of Miss Donna Palmer, daughter of Mr. and Mrs. D. L. Palmer, 311 East Bradshaw street, and Delroy C. Long, son of Charles H. Long, 303 Sherman avenue, which took place in the Grace Evangelical United Brethren church the afternoon of July 10. The Rev. George D. Nielson of Elmhurst, former pastor of the Grace church in Dixon, read the double ring ceremony.

Preceding the ceremony Mrs. Fred Krahler, organist, played a group of nuptial selections and Mrs. William Shultz, soloist, sang "Because" and Grieg's "Ich Liebe Dich." During the service the latter sang "O Perfect Love."

Given in marriage by her father, the bride was attired in a gown of white chiffon trimmed with lace and fashioned with a high neckline, buttons down the back, bustle effect, long pointed sleeves and train. Her fingertip-length blusher veil was held in place by a tiara of seed pearls and she carried American beauty roses. For jewelry she wore a strand of pearls, the gift of the bridegroom.

As matron of honor Mrs. J. Austin Smith wore a blue chiffon floor-length gown designed with a rounded neckline and short sleeves. With it she wore a yellow veil held in place by a tiara of garden flowers and carried a yellow and blue colonial bouquet.

Delbert C. Long was his brother's best man. Ushers were James Radke and Charles Harmon.

For her daughter's wedding Mrs. Palmer chose a pink crepe dress with white accessories and a corsage of gardenias.

Following the ceremony a reception was held at the Loveland House and later a luncheon at the home of the bride. Assorted garden flowers were used to decorate the former place. Mrs. Elsie Drummond and Mrs. Esther Belle McLennon served assisted by Mrs. Lillian Wulbrandt, Mrs. Gladys Jacobs, Mrs. Susie Woodyatt and Mrs. Emmert. During the reception Mrs. Theron Lane of Rockford sang "Because," "At Dawn" and "Close."

In charge of the bride's book was Miss Lois Kells and Mrs. Lawrence Burris took care of the gifts. Flowers and decorations were supervised and arranged by Mrs. Emmert.

At the buffet luncheon in the Palmer home, servers were Mrs. Lester Burris, Mrs. Wilson Beaman and Mrs. Eldon Myers.

The couple left on a wedding

Mr. and Mrs. Delroy C. Long

trip to Canada and the East. After July 28 they will reside at 303 Sherman avenue. For traveling the bride selected a grey linen dress with white accessories and a corsage of roses.

The bride was graduated from Dixon high school and attended Lawrence college, Appleton, Wis. She has been employed as switchboard operator at the Dixon Home Telephone company. Mr. Long, also a Dixon high school graduate, is assistant wire chief at the telephone company.

Out-of-town guests included: Mrs. Thomas Patterson of Herlong, Cal.; Mr. and Mrs. B. W. Skutley of Lodi, Wis.; Mrs. Cecil May and daughters of Moline; Mr. and Mrs. Lester Walters and Miss Gertrude Choumonte of Belvidere; H. C. Morris of Chicago, and Mr. and Mrs. Will Shank of Okeo, Wis.

WAR MOTHERS NO. II TO GO TO MORRISON

Members of the Mothers of World War II organization will attend the Thirteenth District meeting Wednesday evening, July 16, at the Legion hall in Morrison. Following the business session a dish towel sale will be held.

Teachers' Classes Enter 4th Week Of Daily Activity

Fourth week of sessions of the Teachers' Workshop at South Central school began yesterday. The usual procedures were carried out with some groups going to their own demonstration schools and others remaining at the Center to do free reading and work in art.

At noon yesterday both the staff members and the students had a cooperative lunch and recreational period at the Center. Group singing was led by Mrs. E. Herbert and Mrs. E. Wadsworth and followed by a reading, "Old Mother Hubbard—a Sermon," by Cecil Kipling, laboratory teacher at Mound school. Miss M. Evans sang "Smilin' Through" and "Only a Rose".

Each afternoon a "Special" is planned for the teachers. Yesterday R. Graham of the Illinois State Department of Education gave an address on the topic "Education of the Exceptional Child". This afternoon there will be a movie of the "Wilson Dam School" and tomorrow Mrs. Roma Hiatt reading specialist, will present the program of the afternoon.

Visiting county superintendents will be guest of the workshop group Thursday, July 17. A scramble lunch will be served at noon.

Friday, July 18, students of the first and second grades of the South Central demonstration group, under the supervision of Miss Mary Driscoll will have a pet and toy show in the morning. In the afternoon trips and excursions have been planned.

JAY CEE'S WILL HAVE DANCE AT DIXON CLUB

Dixon Junior Chamber of Commerce members and their wives will have a dance Thursday evening, July 17, from 9:30 to 12:30 o'clock at the Dixon country club. Al Raymond and his orchestra of Rockford will provide the music.

Dinner preceding the dance is optional. Those desiring to eat at the club, however, must call Mrs. Ralph Stonehouse for reservations before noon Wednesday, July 16. All Jaycees members are urged to be present.

PATRICIA A. CURRAN GETS SCHOLARSHIP GIVEN BY COLLEGE

Miss Patricia Ann Curran, daughter of the Rev. and Mrs. George Curran, has been awarded one of the six freshman scholarships at Augustana college, Rock Island, according to information received from Dean Harry B. Johnson of the college. Miss Curran was graduated from Dixon high school in June, ranking first in scholarship in the senior class with a record of straight A's for the entire four years.

She plans to enter Augustana this fall and will major in the field of medical technology. During the vacation months, she is working as a laboratory assistant at the Dixon State Hospital.

Earlier this year Miss Curran was honored with the D.A.R. Good Citizen ward and the third place award for girls in the Elks statewide "Most Valuable Student" contest.

Doris Stauffer Is Bride Of R. Howell

(Telegraph Special Service) Walnut — Marriage of Miss Doris G. Stauffer of Princeton, daughter of Mr. and Mrs. Clarence Shaw of Bradford, to Russell Howell, son of Earl Howell of Wyand, took place Saturday afternoon before an altar of garden flowers in the Methodist church parsonage in Wyand. The Rev. Charles C. Chappell, pastor, read the double ring service by candlelight.

Preceding the ceremony, Mrs. Chappell played "Because".

The bride was attired in a two-piece rose-colored suit with white accessories and a corsage of pink and white carnations. Her bridesmaid, Miss Lucille Howell of Geneva, sister of the bridegroom, wore an aqua suit with white accessories and a corsage of red roses and white carnations.

Max Hamrick of Wyand served as best man. Mrs. Howell has been employed in Princeton at the Home Steam laundry. The bridegroom is employed by the L. E. Meyers Construction Co. and at present is stationed in Peoria, where the couple will reside. Mr. Howell was in Walnut for a number of months, while the electrical construction company was engaged in work here.

W.R.C. Plans 1947 Picnic: Bake Sale

Members of the Dixon Woman's Relief Corps, No. 218, met yesterday afternoon in the G. A. R. hall. During the business session, a general orders from the newly elected department president, Mrs. Marie Hausman, were read. She announced her staff of officers and the list of delegates and alternates for the national convention to be held in Cleveland, Ohio.

Plans were discussed for the annual corps picnic to be held at the home of Mrs. Carrie Highby. Mrs. Carolyn Boyer announced that a bake sale will be held Saturday, July 19, at the Dixon Floral shop.

Mrs. Janna Ware has been appointed to represent the Department of Illinois Woman's Relief Corps group when the official presentation of playground equipment is made to the Dixon state hospital. The placing of such facilities for children in the hospitals throughout Illinois is one of the projects sponsored by the department during the past year.

Guest at yesterday's meeting was Mrs. Anna Thayer, a member of the Oregon Relief Corps. At the conclusion of the business session she gave a short talk.

CHORAL SOCIETY TO SING WITH H. VELD

When Dixon Choral Society members give their first concert next January, Henry Veld, conductor of the Augustana College choir, will be the director, according to a statement issued today by James Patterson. Mr. Veld will come to Dixon for special rehearsals prior to the concert.

Applications for membership in the Choral Society may still be sent to 114 Second street, Dixon. Rehearsals will start in September.

NELLES-HOOPER WEDDING

Wedding of Miss Beverly Nelles and George Hooper will take place July 26 in the First Presbyterian church in Dixon instead of in St. Paul's Lutheran church, as was reported in yesterday's Telegraph.

Navy Ships Leave for Arctic Studies Today
Washington, July 15 (AP)—The navy's summer expedition to the Arctic gets under way today with the departure from Boston of a three-vessel task force.
Headed by Capt. Robert S. Quakenbush, Jr., who was second in command of the recent South Pole expedition, the group will carry supplies, food and fuel to weather stations in the far north. The ships are expected to return to the United States in October.

conference. In London, British officials saw evidence of the emergence of a "Molotov Plan," to embrace these nations, in recent eastern trade negotiations.
Some Moscow sources said a trade agreement between Russia and Albania might result from the visit of Albania's communist premier, Gen. Enver Hoxha, in the Soviet capital. Russian Foreign Minister V. M. Molotov met Hoxha, upon his arrival by plane yesterday.

Pineapple Workers in Hawaii In Negotiations

Honolulu, July 15 (AP)—Top negotiators of the CIO International Longshoremen's and Warehousemen's union and the strike-bound pineapple industry were reported today to have met with Federal Conciliator Nathan P. Feinsinger in a new attempt to settle the five-day-old strike.
All that separated the pineapple workers and the industry from agreement when pre-strike negotiations "blew up" was whether a 10-cent hourly increase should be retroactive to June 1 or Feb. 1.

Russ Claim Austrian U. S. Pact is "Illegal"

Vienna, July 15 (AP)—Lt. Gen. L. V. Kourasov, Soviet high commissioner, has warned Chancellor Leopold Figl that Russia believes the Austria-American agreement for economic aid to Austria is "not in accordance" with the Moscow declaration of 1943 and that the agreement will not be recognized as legal by the Soviet Union.
"The assumption of unlimited control over the entire Austrian economy by one occupying power constitutes a threat against Austrian sovereignty," Kourasov wrote Figl, adding that the pact was contradictory to four-power agreements concerning Austria.

Highway Groups Ask End of Federal Taxes

Washington, July 15 (AP)—An end to all special federal taxation on autos was sought today in a petition filed with congress by more than 400 national and state organizations of highway users.
The petition said such levies are "an unjust burden on the highway user." It was presented to the house ways and means and senate finance committees by the National Highway Users conference.

New Procedure Plan on Bankrupt Railroads

Washington, July 15 (AP)—The house judiciary committee has approved, 14 to 11, a bill intended to return to stockholders certain railroads being reorganized in the courts under the Bankruptcy act.
The legislation would permit the stockholder to regain ownership preventing bondholders and other creditors from taking over.
Rep. Reed (R-Ill.), author of the bill, said railroads affected include the Chicago, Rock Island & Pacific.

Bird Business

Lincoln, Neb., July 15 (AP)—A Lancaster county farmer working with a hay-baling crew near here put his false teeth, which had been bothering him, on a fence post.
A few minutes later a crow swooped down picked up the teeth and flew off with them.
Yelling and gesticulating, the farmer chased down the field. The crow flew faster—out of sight.

Bond Cashing Approved
Washington, July 15 (AP)—Legislation to permit the cashing this fall of \$1,800,000,000 worth of terminal leave bonds was unanimously approved today by the senate armed services committee. The bill, already passed unanimously by the house, would permit former enlisted men and some officers who hold the bonds to cash them any time after Sept. 1.

New A & P Manager Named
Al Milledge, manager of the Rock Falls A & P store, has been promoted to manager of the Dixon super market outlet. Milledge has been associated with the Rock Falls store for the past 10 years. His family will join him here when a home is secured. He replaces Roy Krueger as manager of the store here. Krueger is a patient at KSB hospital.

Mishap Victims Identified
The four men who escaped serious injury yesterday morning when a car owned and operated by Carl L. Branche, Amboy, hit a tree north of Oregon, as reported in Monday's Telegraph, were identified late yesterday afternoon as Lloyd Miller and Everett Franklin, Dixon, and Don Griffith and Charles Mead, both of Amboy. The men, members of an Illinois Northern Utilities company floating crew, were enroute to Byron when the accident occurred.

Fugitives Caught in Iowa
Five young patients who were fleeing from the Dixon state hospital were apprehended shortly after they got off a Northwestern freight train at Clinton, Iowa, Sunday at 7 30 p. m., and were returned to the hospital yesterday by Ward Miller. The Clinton Herald identified the youths as James Finchel, 19, Harry Riger, 16, and Robert Krienke, 18, all of Chicago; Charles Richards, 17, Rockford, and Edward Rosen-

Soviet Press Gloomy on Fate of Paris Talks

Moscow, July 15 (AP)—While carrying far less news than before on the Paris economic conference, the Soviet press nevertheless hinted today at a sorry fate for European nations that will get American aid.
The only published dispatch from Paris was a two-paragraph item of the official Soviet news agency Tass reporting that "in journalistic circles they say that the United States demanded the granting of the seat of 'third power' to Italy."

Senora Eva Peron to Visit Paris on Tour

Paris, July 15 (AP)—The Argentine embassy announced today that Senora Eva Peron, wife of the Argentine president, would arrive here for a visit on July 21. Senora Peron, now in Italy, will visit Portugal before coming to Paris.

York Republican, declined any comment, but Gov. Earl Warren, California Republican, said that Marshall's proposal for a "course of action fully consistent with our own national interests" constitutes "a very sound approach to the international situation."

Soldier's Comment:
Gov. Kim Sigler, Michigan Republican, called the address "a very carefully worded statement by a sincere gentleman."

In his public address, Marshall said there is "no blinking the fact that this country now stands at a turning point in its relations to its traditional friends among the nations of the old world."

"Either it must finish the task of assisting the countries to adjust themselves to the changed demands of a new age," he declared, "or it must reconcile itself to seeing them move in directions which are consistent neither with their own traditions nor with those of this country."

"In this latter case," he asserted, "the United States would be faced with a radical alteration of its own position in the world. I ask you to consider most carefully the implications of such a development for the future prosperity and security of our country."

A round-table on education opens the second day's business sessions of the conference today.

BRITAIN INVESTIGATES

London, July 15 (AP)—A foreign office spokesman said today Britain was investigating reports that an "international brigade" was invading Greece.

Whitehall informants said that if the existence of such a brigade is proved, a joint British-American protest may be entered in the United Nations security council.

These sources added that American and British civil and military authorities in Greece already were in communication with one another over "the very serious turn of events" in Greece.

They said inquiries were being made in Paris because some newspaper dispatches have suggested that an international force was being trained in Southern France.

Scope of the British-American talks was not immediately ascertainable.

Britain has about 5,000 troops left in Greece. The foreign office spokesman said they were not in the areas where fighting is reported to be taking place.

British Troops Press House-to-House Search

Jerusalem, July 15 (AP)—Troops pressed a house-to-house hunt today through curfew-stilled Natanya in a search for two kidnapped British sergeants held as hostages for three condemned members of Irgun Zvai Leumi, Jewish underground organization.

The search began yesterday after the imposition of military rule over Natanya—Palestine diamond center—and the surrounding area.

convenes next January. Martin said congress needs to know exactly what are the needs of foreign countries and what is the ability of the United States to meet these needs.

Dirksen Hits Russia
The house steering committee's decision yesterday to set up the special congressional group followed demands by several house Republicans for economic isolation of nations declining to participate in the Marshall proposal for helping European nations to help themselves or to cooperate otherwise with the United States.

Rep. Dirksen (R-Ill.) urged that the United States cut off diplomatic relations with Russia "until she is ready and willing to cooperate."

Rep. Byrnes (R-Wis.) disclosed that he has requested President Truman to halt relief to "nations who have refused to participate in the economic conference in Paris."

The famous pulpit in the Unitarian church at Kennebunk, Me., was carved from a solid block of mahogany.

Truman Tax Veto

override presidential rejection. Republican backers of the bill refused to concede defeat.

Senator Millikin (R-Colo.), manager of the bill, told reporters there still is "a fighting chance."

Senator Taft of Ohio, the Republican policy committee chairman, held there is a possibility yet of passing it over the veto.

Morse, Langer Switch
The bill probably will not actually reach the White House until late today or tomorrow. Mr. Truman's assurances to congressional leaders that he intends to act promptly may mean that both houses will get a chance at overriding the veto this week.

The current measure is identical with the one Mr. Truman killed last month except that it would take effect next Jan. 1 instead of July 1, 1947. It provides tax cuts ranging from 30 per cent in the lowest income range to 10.5 per cent at "the top."

Forty-Eight Republicans and 12 Democrats voted for the bill on final passage. The 30 Democrats opposing it were joined by two Republican senators, Morse of Oregon and Langer of North Dakota.

Tenn., a-bomb plant.
The hearing was called off after the senate press gallery had been furnished with a witness list which included Maj. Gen. Leslie R. Groves, wartime boss of the Manhattan Project, Chairman Parnell Thomas (R-NJ) of the house committee on unamerican activities, and three newspapermen.

"The question was whether a hearing was timely," said chairman Hickenlooper (R-Iowa) of the atomic committee after a closed session led to the decision last night.

"I expect that eventually lots of people, including Gen. Groves, will be before the committee." The New York Sun reported last week that unknown agents had removed secret material from the Oak Ridge plant.

Later Hickenlooper said he has no information of any such theft at Oak Ridge, but that some material had been removed from files at the Los Alamos, N. M., plant. Two former Army sergeants have been arrested in connection with that case.

The newsmen named on the witness list for the hearing which failed to come off are Edward Nellor of the New York Sun, and Frank C. Waldrop and James Walter of the Washington Times-Herald.

Army Bomber Hits Nip Train; 1 Killed, 6 Hurt

Tokyo, July 15 (AP)—A U. S. army A26 attack bomber crashed into the rear end of a Japanese freight train killing one trainman and injuring six, but both occupants of the plane escaped unhurt, Far East airforces announced.

Waste of food in public eating places has meant a loss of as much as 6,500,000 meals daily.

cure for the increasing wage and price spiral.

Humphrey said the contract re-tards inflation "by avoiding a strike and all of the resulting damage that would surely follow" from a deadlock.

Humphrey testified after Earl Bunting, president of the National Association of Manufacturers, told the committee that the nation should be able to absorb this year's "second round" wage without going on an inflationary spree.

The NAM head also declared that the key to continued economic growth and prosperity is a united effort for greater production, plus tax cuts to provide "venture capital" for expansion of industry by 600,000 new jobs a year.

Wayne Brooks of VFW's softball club has been sidelined for the remainder of the season with a severe ankle injury incurred while sliding at Ashton Friday night.

He may lose a month's work before the limb is again in good shape, Manager "Jiggs" McIntire said last night.

Members of the Roberts & Hess hardball club and their families are to enjoy a picnic at Babe Hess' cabin following the Twilight game at State Hospital Thursday.

Just about the hottest batsmith in Dixon right now is Armand "Fat" Riopelle, Reynolds Wire hurler. "Fat" has connected for 10 hits in 18 swings while on part-time duty.

Brother Rheo isn't doing so badly either at the moment after a slow start that saw him zeroed his first 20 or so times at the plate. Rheo laced out three of Barrick Steers' five blows at the airport last Sunday night to continue his up-and-coming batting.

And both would rather hit than eat.

Jim Dickerson, manager of the Polo Maroons of the Midwest league's Central division left yesterday for his of stomping grounds in Cairo, Ill. for a few days visit. Jim plans to take in several Kitty league games while in the southern Illinois city.

Patty Berg plays a special match at Rochelle Country Club July 27 with John Barnum, a leading Chicago amateur. Ruth Moore, former state women's champ from Pekin, and Babe DeGryse of the Rochelle club. The date was verified last week.

Bill Bushman takes his Three Deuces softball club to Milledgeville tonight to tangle with the strong All-Stars of that city.

Nig Knigge, injured while playing with the Dixon Moose at Belvidere Sunday, is up and around, although his chest remains mighty sore. A collision at the plate resulted in the wounds.

Red Rookie Tosses One-Hitter at Bums

(By The Associated Press)

Cincinnati's one-man pitching staff, Ewell Blackwell, will have to shove over to make room for a robust No. 2 boy in Everett (Bud) Lively.

The 22-year-old unknown from Alabama elbowed into Manager Neun's inner circle last night with a one-hit job that fractured Brooklyn's seven-game win streak. Other one-hitters have been tossed this season but none have finished in more spectacular fashion than Mr. Lively's 9-1 performance at Ebbets field.

Lively retired the first five Dodgers and then walked Fee Wee Reese. Johnny Jorgensen's double off the right field score board ruined the no-hitter and the shut-out, scoring Reese. But that was all. Twenty-two Dodgers walked up to the plate and back to the bench.

Once in the dim past, Lively's father, Jack, pitched a no-hit, no-run game in the Southern league, facing only 28 men.

Ralph Branca, the Dodgers' hottest pitcher with a personal seven-game win string, was Lively's foe but he failed to survive, giving way in the fifth after he was tagged for 10 of Cincinnati's 16 hits including a homer by Ray Lamanno.

Cubs Finally Win

The Dodgers maintained their three-game National league lead for Boston fell before Chicago in an afternoon game, 5-3, as the Cubs finally came out of a nine-game losing spin.

Johnny Sain, Braves right-handed ace and 10-game winner, was hit on the pitching hand by a line drive in the sixth. He was forced to retire.

Tommy Hughes of the Phillies, who appeared to be on the way to a new record for games lost a few weeks ago, turned in his third straight well-pitched victory, downing St. Louis, 5-2. The loss, suffered by George Mungler who was working on a seven-game win streak, left the World Champs six full games back of the Dodgers.

Doubles by Red Schoendienst and Stan Musial in the first and Whitey Kurowski's ninth homer in the second gave Mungler a safe margin but he couldn't hold it. Al Lakeman's single with the bases loaded and Erv Dusak's error added up to a three-run fifth

ADD TWO SPEEDY BACKS TO COLLEGE ALL-STARS

Chicago, July 15—(AP)—Ray Ramsey of Bradley university, Peoria, Ill., and Gene Roberts of the University of Chattanooga, a pair of speedy backs, today were added to the college squad which meets the Chicago Bears, National Football league champion, in the 14th annual All-Star game in Soldier field Aug. 22.

Addition of the two brought the college list to 13 players named thus far, including Alex Agase, Illinois.

Bauder Hits 50 Straight Birds

Clair "Toot" Bauder of Sterling shot a perfect 50 birds in the 16-yard event of the Northern Zone registered trap shoot at Rockford last weekend.

Bauder is expected to be among those present to inaugurate the new trap at the airport Thursday night when a shoot will be held.

Harry Walker

H. Walker Pulls Away From Foes

New York, July 15—(AP)—Harry Walker of the Phillies has lengthened out a commanding 22-point lead in the National league batting race but Cleveland's Shortstop-Manager Lou Boudreau is getting stiff contention from New York's Joe DiMaggio for the American league crown.

While Walker's first place .341 outdistances runnerup Ralph Kiner of Pittsburgh who is hitting .319, Boudreau tops the American with a .345 mark to .338 for DiMaggio according to figures including Sunday's games.

Eight Teams Plan Hi-Way Links Play

DeKalb, July 15—(Special)—At least eight teams from various clubs along the Lincoln Highway will vie for honors at Kishwaukee Country club tomorrow and Thursday in the annual Lincoln Highway golf tournament.

The host club will have a team entered, along with Dixon Country club, Princeton, Clinton, La., Rock Falls, Geneva, Oregon and Morrison.

Rounds begin tomorrow morning with the golfers of the various teams to play 36 holes, continuing with 36 holes Thursday. The annual dinner event, at which the business meeting is to be held, will be staged at the club house Wednesday night.

Match play against arbitrary bogey will be the tourney order. Playing for Dixon will be Ken Detweiler, Bill Witzleb, Darrell Reis, Hank Henry, Mark Keller, Bob Krug and Floyd Smith, the latter two splitting 36 holes each.

Ric Lahti of Sycamore is president of the Lincoln Highway association. He'll also compete with the host club's team.

Legion Practice Tomorrow Night

BULLETIN

The 13th District Junior American Legion baseball championship has been awarded to Dixon, Manager Tom Jordan was informed this morning.

Dixon will meet the 12th District champs in a divisional playoff game at DeKalb soon. The date has not been determined as yet, Jordan said.

Members of the Dixon Junior American Legion club will practice tomorrow night at Reynolds field while awaiting developments stemming from Sunday's triumph over Hanover.

In case the locals are not in divisional play next Sunday, the 13th District league game here with Freeport will go on as scheduled at 1 p. m. The game will mark the opening of the second round of play.

Change Friday's Softball Card

There is a change in Friday night's softball double-header at the airport.

Three Deuces engage the Mendota Chatterbox combine in the first game, commencing at 7 p. m. in place of their scheduled league tilt with Lakeshore-Marly. The loop contest will be carried over until a later date.

LEE CENTER GIRLS ARE INACTIVE; DEFEAT POLO

Lee Center July 15—(Special)—The Lee Center girls softball team has been inactive recently in their last game they beat the Garment factory girls at Polo, 6-5.

Contestants Must Enter By Friday

Dixon's city golf championship will be determined Sunday, July 27, it was announced today by the sponsors, B & A sporting goods store.

Em Rorer has been named chairman of the event. He outlines the following rules and regulations regarding qualifying rounds and tourney play:

1. All contestants must register at B & A by 6 p. m. Thursday, July 17.
2. Contestants will be assigned to registered foursomes which are to play 18-holes qualifying rounds on Saturday or Sunday, July 19 or 20. These scores must be turned to B & A as they will be used in the final tabulation of the tourney.
3. From qualifying scores contestants will be placed into Classes A, B, C, and D. Each class will play 27 holes, 18 in the morning at Plum Hollow and nine holes in the afternoon at Dixon Country club on Sunday, July 27.
4. Trophies will be awarded to the winner of each class. Prizes for runner-ups are also planned and there will be many other prizes for various feats of skill.
5. All contestants must purchase a ticket to the City Championship banquet to be held at Plum Hollow Thursday, July 31. Tickets must be purchased before teeing off Sunday, July 27. Prizes and trophies will be handed out at the banquet.

In last year's event, Frank Lessner carded a 144, two strokes better than Ken Detweiler to win the Class A title. Gerald Rice captured Class B laurels while Bob Craney was the Class C champ and Fritz Chiverton the Class D titlist.

Joe Louis brushes up on his iron with assistance of 1946 National Open champion Lloyd Mangrum at Chicago Tam O'Shanter.

Boat Meet Is Planned Tomorrow

A special meeting has been called by the Boating division of the Lee County Sportsmen's association to be held at 8 p. m. Wednesday evening at the Villiger boat house, one block south of the Rainbow Inn.

The purpose of the meeting will be to organize an active boating club which will be affiliated with O.B.C. as well as the Sportsmen's association.

A separate group of officers will be selected for the boat division. All boat owners using Rock river are invited to attend and become members.

Plans for docks, channel marking, protection, etc., will be announced at the meeting.

FUSARI AND GIOIA New York—(NEA)—Following the first defeat of his young professional career, welterweight Charley Fusari of Irvington, N. J., boxes Eddie Gioia of Philadelphia 10 rounds at Madison Square Garden, July 18.

Joe May Learn Opponent Today

New York, July 15—(AP)—Heavyweight Champion Joe Louis has a date with officials of the Twentieth Century Sporting club today to see who—if anybody—is to be handed the dubious honor of climbing into the ring with the Bomber in a title scrap this September.

Joe Baksi scrambled the heavyweight picture almost beyond recognition by his unexpected defeat at the hands of unknown Ollie Tanderz in Sweden.

That left Ezzard Charles, a Cincinnati light heavyweight, on top of the skippy list of suitable challengers with Elmer (Violent) Ray of Hastings, Fla., a near 200-pounder, a possible second choice.

Both of these hopefuls kept themselves in the running last night by knocking out underdog opponents, each of whom offered some stubborn opposition before being put to sleep.

Charles knocked out Fitzie Fitzpatrick of Los Angeles at 2:43 of the fifth round in a scheduled ten-round fight at Cincinnati after narrowly escaping a knocked himself in the second frame when the Californian floored him with a terrific right.

Ray found a tough, willing foe in Howard Chard of Scranton, Pa., but knocked him down four times before putting him away at 1:55 of the seventh round in a scheduled ten-rounder at Syracuse, N. Y.

Charles and Ray face each other at Madison Square Garden July 25, when they will have a chance to trim the list of available challengers still more.

Knacks and Amboy Clash This Evening

Second place Knacks (4-1) tangle with Amboy (2-2) tonight at Reynolds field as the Twilight league steps into another week of activity.

Knacks will be bidding for another victory to close in on leading Reynolds Wire (5-0). The Whitemen meet Merchants Thursday evening.

Probably pitchers tonight are in doubt. Both of Amboy's boxmen, Jack McGrath and George Mason, were used up in Sunday's 16 inning affair at Welland. Knacks have Charley Davis, Bob

Ogle Horse Stays Money Perfect

Chicago, July 15—(Special)—Led by C. F. Rumley's stable of Princeton with three winners of a thousand dollars or more, Illinois owned horses are leading the field in money won at the current harness meeting being conducted at Maywood Park.

Rumley's triumphant trio are Brisdell, a bay mare by Bristol Hanover with a record of one win, four seconds and three thirds in 15 starts; G. W. A., a pacer and Kay Abbe, another sidewheeler.

In addition to Brisdell, other trotters in the select thousand dollars or more circle include Kinny Winn, owned and driven by Joyce Burright of Oregon.

An outstanding pacer in the "big grand" class is Puzette, owned and driven by Mrs. Forrest Burright of Oregon. Puzette has started 11 times, winning four races, finishing second four times and third three times. That's a record of being in the money in every race.

Oregon, Dixon People at Races

(Telegraph Special Service)

Oregon, July 15—State's Attorney and Mrs. S. Donald Crowell, Mr. and Mrs. Donald Brooks, Judge and Mrs. Leon A. Zick and Mrs. E. C. Risley of Dixon attended the races in Elkhorn, Wis., this past weekend.

Attorney Crowell's trotter, Hollis, was entered in the Elkhorn events. Another of Crowell's horses, Simeon, a pacer, was a winner in races at Paducah, Ky., this weekend.

Lee County Farm Bureau of Amboy lines up for The Telegraph camera before a recent game at Amboy. The Central division club has won three and lost six. Front row, H. Didier, Ray Lauer, Art Shanley, Bob Boyle, Bill Boyle and Manager James Boyle. Second row, John Blum, Jim Malach, Paul Donnelly, George Henrich, Les Natfziger and Bill Sadler.

U. I. Staff Takes Over Duties in Cook County

Chicago, July 15—(AP)—Coroner A. L. Brodie announced yesterday that the University of Illinois department of toxicology will take over immediately the duties of the Cook county (Chicago) coroner's chemist until a new staff for the county's toxicology department has been elected.

The university laboratory and its staff, Dr. Karl Pfeiffer, head of the university's Toxicology department said, will be placed at the disposal also of the Cook county sheriff and state's attorney, the Chicago police, and the coroner and sheriffs of downstate counties.

Coroner Brodie said the \$8,000 a year salary formerly paid to Dr. William D. McNally as coroner's chemist would be placed in a research trust fund for the university. He added that Dr. Pfeiffer would serve at a nominal \$1-a-year salary.

Dr. McNally and his two assistants retired from their posts recently.

Nearly 5,500,000 people are employed in motor trucking fields in the United States, or one in every 11 U. S. workers.

LUCKY STRIKE presents THE MAN WHO KNOWS—

THE TOBACCO AUCTIONEER!

"I'VE SOLD well over 350 million pounds of tobacco at the auctions down South, and year after year, I've seen the makers of Lucky Strike buy quality tobacco...fine, light, fragrant tobacco that makes a grand smoke."

Joe Burnett
J. H. BURNETT, INDEPENDENT TOBACCO AUCTIONEER
of Buffalo Springs, Virginia
(16 YEARS A LUCKY STRIKE SMOKER)

FINE TOBACCO is what counts in a cigarette

JOE BURNETT IS RIGHT!...And like him, scores of other experts...who really know tobacco...have seen the makers of Lucky Strike buy the kind of tobacco that makes "a grand smoke."

After all, that's what you want in a cigarette...the honest, deep-down enjoyment of fine tobacco.

So remember...

President of NAM Thinks Nation Able To Absorb Pay Hike

Washington, July 15—(AP)—NAM President Earl Bunting said today the nation should be able to absorb this year's "second round" wage increases without going on an inflationary spree.

The head of the National Association of Manufacturers told congress that united effort for greater production, plus tax cuts to provide "venture capital" for the expansion of industry by 600,000 new jobs a year, is the key to continued growth and prosperity.

"Prices are high, as compared to pre-war, but the increase has been less than the rise of wages and during the last four months the price level has definitely flattened out, Bunting said in a statement prepared for the joint committee on the economic report.

"We yet have to see the full effects on prices of the current round of wage increases. But if we can keep production and productive efficiency moving forward we should be able to hold this potential price rise from getting out of hand."

Bunting said he considered it "amazing" that the death of OPA a year ago "has resulted in such moderate price increases." In view of cost increases, he added: "I believe that manufacturers' prices have been kept well in line."

But the NAM chief forecast that "the wage increases recently granted the coal miners will be reflected in increased costs of manufactured products and of transportation."

Committee members waited with some curiosity for another of the day's witnesses, George M. Humphrey, Pittsburgh steelman and coalman. They looked for a possible reply to President Truman's plea yesterday that the coal and steel industries refrain from immediate price increases arising from the new coal wage agreement.

Truman issued a statement asking steel and coal managements to give the week-old mine wage rates a "fair test" before raising prices and perhaps launching a new round of commodity price advances.

However, coal price increases ranging from 75 cents to \$1.75 a ton in Cleveland, Pittsburgh, Toledo, Akron and other cities already are in effect or expected shortly.

Walter B. Thurmond, secretary of the Southern Coal Producers Association, said at Charleston, W. Va., that coal prices will go up \$1.25 to \$1.50 a ton.

Bunting advocated adoption of a tax program, which the NAM already has presented to congress, providing for a top-to-bottom overhaul of the tax structure and lopping \$7,000,000,000 off the national tax bill. This would permit business to accumulate the savings needed for capital investment.

Power Line Falls; Three Men Killed

Wauconda, Ill., July 15—(AP)—Two motorists and the driver of a light truck whom they sought to extricate from under his overturned vehicle were killed yesterday when a high voltage power line collapsed and electrocuted them.

Dead were Samuel Adams, 32; George Janis, 35, and Roger G. Rasmussen, 25, the truck driver. All were from Chicago.

State Highway Patrolman Paul C. Wells of the Elgin district said Rasmussen's vehicle went out of control during a rainstorm on U. S. route 12 about a mile north of Wauconda when it struck a culvert and hit a utility pole. The truck turned over, pinning Rasmussen beneath. Adams and Janis, passing in their own automobiles, sought to extricate him by raising the truck when the high voltage wire collapsed.

Another motorist, John Ferris, 22, of Wauconda, who helped Adams and Janis, was knocked unconscious by the power, but was revived.

Ferris' sister, Anita, 17, was severely burned, though she watched the efforts of the three men.

Clara Lou Rogerson, 34, and her brother, Fred, 36, both of Gary, Ind., who accompanied Rasmussen, suffered slight injuries. The wives and children of Adams and Janis witnessed the accident.

Governors Polled as to Preference for Parties' Head

Salt Lake City, July 15—(AP)—Gov. Thomas E. Dewey of New York won first place by a wide margin today in a secret-ballot poll of Republican governors expressing their preference for the 1948 presidential nominee.

Democratic governors showed such a wide variance of opinion in the same poll that only one potential candidate got as many as two first place votes for the vice presidential nomination. He was former Secretary of State James F. Byrnes.

In a poll conducted by The Associated Press in cooperation with the Desert News and the Salt Lake Telegram, Dewey received 10 first place votes and his nearest contender, Gov. Earl Warren of California, two.

Green Gets Vote

The remainder of the total of 17 first place votes cast by the Republican governors were distributed one each to Senator Robert A. Taft of Ohio, former Gov. Harold Stassen of Minnesota, Gov. Dwight Green of Illinois, Senator Leverett Saltonstall of Massachusetts and Senator Edward Martin of Pennsylvania.

The indecision of Democrats about a vice presidential runner with President Truman was demonstrated by single first place votes for nine possible candidates, following the two for Byrnes.

This field included Secretary of State Marshall, who addressed the annual governors conference here last night.

Others include Senator Scott Lucas of Illinois.

To insure freedom of expression, reporters for The Associated Press, the News and the Telegram asked governors to write their preferences on unmarked slips of paper which could not be identified when the boxes were opened.

Seventeen Republican governors and 11 Democrats participated in the poll out of the 43 state executives now present at the conference. Others either did not participate or said they had not made up their minds.

Detroit, July 15—(AP)—Romeo and Juliet have parted, and process servers from Wayne county circuit court want to know "Wherefore Art Thou, Romeo?" Juliet St. Amour wants to know too. Married Feb. 6, 1944 to Romeo St. Amour she filed suit for divorce yesterday, telling Judge Theodore J. Richter her husband no longer loved her, had called her vile names and put her out of the house in night clothing.

The judge issued a temporary injunction restraining Romeo from molesting Juliet or disposing of his assets.

Stephen Mandel's Case Again in L. A. Courts

Los Angeles, July 15—(AP)—Mrs. Louis K. Schubert, 30, former Chicago socialite, has asked the Superior court here to give her sole custody of her son, Stephen Mandel, 10, whose father Fred L. Mandel, Jr., 33, charged her with kidnapping the boy.

She is at liberty under \$1,000 bond on the Chicago kidnapping charge pending hearing on a habeas corpus writ returnable here today.

In her custody suit against Mandel, Chicago department store executive, Mrs. Schubert alleged he was unfit to have Stephen's custody. The Mandels were divorced in Chicago March 29, 1944. She is now the wife of Bernard L. Schubert, New York and Los Angeles radio producer.

Woman Arsonist Sent Back to Mo. Asylum

Salem, Mo., July 15—(AP)—Mrs. Muriel Dunlap was back at state hospital for the insane at Farmington, Mo., today on orders of Probate Judge W. L. Halbrook after Dent county authorities reported she admitted starting a fire which fatally burned four members of her family.

"It was God's will that I should do it," was the 32-year-old woman's only explanation, Sheriff Floyd Nash said.

Dead were Maryland Ruth, 6, Betty Lou, 4, Barbara Sue, 2 and Lawrence Dunlap, their father. An 11-year-old son, Danny, was in critical condition in a St. Louis hospital.

Ohio Vet's British War Bride Missing

Columbus, O., July 15—(AP)—Columbus police reported today lack of any clues in their search for attractive, dark-haired Faye Ann Crow, 20-year-old British war bride.

Her husband, Ralph Crow, who formerly served with the Eighth Air Force in England, told police she had been missing from their home here since Thursday and that he was at loss to explain her disappearance.

The husband reported that she was bound for the Ohio Bell Telephone Co. for a job interview, and he was on his way to work at the National Electric Coil Co.
